

9–11 september 2010
28th esoprs annual meeting
munich/germany

organized by the european society of
ophthalmic plastic and reconstructive surgery

2nd announcement

welcome to esoprs meeting

ESOPRS members, colleagues,
ladies and gentlemen,

on behalf of the ESOPRS committee you are cordially invited to join the 28th annual meeting of the European Society of Ophthalmic Plastic and Reconstructive Surgery in Munich, Germany from 9–11 September 2010.

The first day of the meeting will be devoted to a specially formatted course “Current Concepts in Ophthalmic Plastic and Reconstructive Surgery”.

The scientific meeting on Friday and Saturday – dedicated to eyelid, orbital and lacrimal topics – with oral and poster presentations, videos, invited lectures and an industrial exhibition will seamlessly blend established knowledge with new information and stimulate inter-action and discussion.

The Bavarian capital of Munich in Southern Germany enjoys a very favorable location in the heart of Europe close to the Alps. The city as one of Germany’s most popular destinations has much to offer. Cosmopolitan and proud, trend merges

with Bavarian tradition. Munich is a kaleidoscope of contrasts under the typically blue and white Bavarian sky, and one finds both trendy spots and “Gemütlichkeit”.

We are very much looking forward to welcoming you to Munich in September 2010!
